

PHYSICIAN TO THE PRESIDENT  
THE WHITE HOUSE

26 July 2022

MEMORANDUM FOR: KARINE JEAN-PIERRE  
ASSISTANT TO THE PRESIDENT AND  
WHITE HOUSE PRESS SECRETARY

FROM: KEVIN C. O'CONNOR, D.O., FAAFP  
PHYSICIAN TO THE PRESIDENT

SUBJECT: President Biden SARS-CoV-2 Update

President Biden completed his five-day course of PAXLOVID last night. His symptoms have now almost completely resolved. His pulse, blood pressure, respiratory rate and temperature remain absolutely normal. His oxygen saturation continues to be excellent on room air. His lungs remain clear.

The President now feels well enough to resume his physical exercise regimen.

The President will continue isolation today, as his "Day Five".

As I've stated previously, the President continues to be very specifically conscientious to protect any of the Executive Residence, White House, Secret Service and other staff whose duties require any (albeit socially distanced) proximity to him.

As promised, I will keep your office updated with any changes in his condition or treatment plan.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "K. O'Connor", with a stylized flourish at the end.

Kevin C. O'Connor, D.O., FAAFP  
Physician to the President  
The White House

Associate Professor, The George Washington University School of Medicine & Health Sciences
